Pat Turns Up the Music and Turns His Dream Into Reality

Riverstone, 23 April 2026

North West Community Services (NWCS) was glowing with lights, laughter and loud music as Pat proudly hosted the disco he has dreamed about for years.

Pat, a participant in the NWCS NDIS program, is well known for saying, “I love discos and I can dance all night.” On Thursday, he didn’t just dance — he ran the whole show.

From the very beginning, Pat was the driving force behind the event. He helped with:

- planning every part of the night
- choosing the food and snacks
- shopping for everything needed
- building the official playlist
- and stepping up as the MC, keeping the crowd excited

The disco was a huge hit. Bright lights, great music, face painting, tasty food and a room full of happy people made it a night to remember. Many guests said the best part was seeing Pat shine and watching new friendships form on the dance floor.

More Than a Disco — A Celebration of Choice, Confidence and Community

Pat’s achievement shows what’s possible when people are supported to take the lead, make decisions and follow their passions. His disco wasn’t just a party — it was a moment of pride for Pat and a celebration of inclusion for everyone who attended.

About North West Community Services (NWCS)

NWCS has been part of the Sydney North West community since 1977.

Based in Riverstone, NWCS supports people with disability to live confident, connected and meaningful lives.

As an NDIS provider, NWCS offers:

- Participation in Community
- Social and Civic Activities
- Maintaining Employment or Higher Education
- Development of Daily Living and Life Skills
-

NWCS is here to help people reach their goals — just like Pat did when he brought his dream disco to life. To find out how NWCS can support you or someone you know, call 02 9627 3622
